---

Bruce Stoner

Craig Oksol

This summer was a tough one. With it came the passing of two very dedicated board members: Bruce Stoner and past-president Craig Oksol. Both were committed board members, each serving full nine-year terms and caring deeply for Williston State. Bruce and Craig each brought special talents and unique perspectives to the Foundation. They were valued members of our Board, and I am grateful to have had the chance to work with them.

Thanks go out to those who sent gifts and notes to the Foundation in memory of these outstanding board members.

Terry Olson  
Executive Director
